PROFILE

Motivated ICT undergraduate with a strong interest in UI/UX design and a desire to build a career in the field. Familiar with Figma, wireframing, prototyping, and basic user interface design, with experience creating designs for academic and personal projects. Eager to gain practical industry experience, learn from experienced designers, and develop skills in creating simple, intuitive, and user-friendly digital experiences. Seeking a UI/UX Design Internship to apply my current knowledge and grow as a designer.

EDUCATION

University of Colombo - Faculty of Technology

2024 - Present

Bachelor of Information and Communication Technology (Hons)

Focus: UI/UX, Interaction Design, Web Development.

Mercy Education Campus Puttalam

2020 - 2022 /2023

GCE Advanced Level (Bio-Systems Technology)

2AB, Z-Score: 2.2166

PROJECTS

Spice & Savor — UI/UX Design Project | Figma

- Designed a modern restaurant website interface with user-friendly layouts and navigation.
- Created wireframes, user flows, and high-fidelity UI screens focusing on visual hierarchy and usability.
- Developed an interactive prototype using Figma and FigJam.

MyPlanner — Mobile Application UI/UX Design & Development

- Designed a simple and organized task management mobile application using Figma.
- Created user flows and UI screens focused on an easy and efficient task management experience.
- Developed the application using Android Studio, Java, and XML based on the Figma design.

Grade 7 Mathematics Learning App — UI/UX Design Project | Figma

- Designed a student-friendly educational application interface for Grade 7 Mathematics.
- Created lesson, quiz, results, and feedback screens for Fractions, Algebra, and Geometry.
- Developed interactive prototypes with simple navigation and engaging visual design using Figma.

Ceylon Crave — Web Design & Front-End Development | HTML, CSS & JavaScript

- Designed and developed a modern website inspired by Sri Lankan food and cuisine.
- Created a visually appealing interface with clear navigation and well-organized content.
- Focused on responsive design, attractive layouts, and a simple user-friendly experience.

Text Editor App — Web Application | HTML, CSS & JavaScript

- Designed and developed a simple, user-friendly browser-based text editor.
- Created the interface using HTML and CSS with interactive features using JavaScript.
- Focused on clear navigation, readable layouts, and a simple user experience.

Reverse Polish Calculator — Calculator Application | C

- Developed a calculator application for evaluating Reverse Polish Notation (RPN) expressions.
- Implemented mathematical expression processing and calculation logic using C.
- Applied data structures and algorithmic concepts to develop the application.

SKILLS
